## GREAT PARK MASS-MEETING PROVES A SPLENDID SUCCESS

THEATER PACKED WITH CITIZENS WHO WARMLY  
ENDORSE PROJECT TO ESTABLISH PARK SYSTEM

"BOND THE CITY" IS  
UNANIMOUS VOTE

RESOLUTIONS STRENGTHENED  
BY HIRSHHEIMER'S PLEA

MAYOR AND NOLEN TALK

EVERY POINT GREETED BY  
SPONTANEOUS APPLAUSE

RESOLUTIONS ARE DRAFTED

IN MEANTIME ESCH, BRINDLEY  
AND OTHERS TALK

PARK PROGRESS IS ASSURED

Commission's Project is Fully Ap-  
proved by Great Throng of  
Reputable Citizens

Enthusiasm reigned at the park  
mass-meeting at the theater last  
night, and at the conclusion of Mr.  
John Nolen's perspicuous address,  
La Crosse endorsed the project of  
establishing a comprehensive park  
system in a manner so patriotic and  
positive that the final consummation  
of the park commission's program  
may be regarded as a certainty.

Summary of the Meeting.

Briefly, the story of the meeting  
is as follows:

Mayor Anderson, as chairman of  
the meeting, delivered a brief talk  
in which he laid the foundation for  
the illustrated lecture of Mr. Nolen.  
Mr. Nolen, supplementing his argu-  
ments with local and general illus-  
trations provided by a stereopticon,  
dove home the arguments upon which  
park expenditures are justified,  
emphasizing these points:

A city park system is not a luxury,  
it is a necessity.

Every city is compelled to estab-  
lish one, and to do so now means  
avoiding immense expenditure later.

The benefits of a park system are  
(1) educational, esthetic and health-  
ful; (2) commercial and industrial.  
They not only contribute to happi-  
ness, culture and good citizenship in  
general, but they make rich returns  
in enhancement of property values  
and increased industrial and com-  
mercial pursuits.

Now is the psychological time for  
La Crosse to establish its park sys-  
tem, which it NEEDS BADLY.

Resolutions Passed

Following the address of Mr. No-  
len resolutions were offered and  
unanimously adopted endorsing the  
mill tax and the bonding of the city  
to put the park system into opera-  
tion.

While the resolutions were being  
drawn, a spontaneous outburst of  
sentiment was given expression in  
speeches endorsing the project, Con-  
gressman John J. Esch, Judge John  
Brindley, Dr. Ed Evans, John Holley,  
Sr., Judge Cameron Baldwin, Prof.  
Fowler, ex-Alderman T. H. Spence,  
William Luenig, president of the  
board of education, and A. Hirsh-  
heimer, first great advocate of man-  
ual training on the board of educa-  
tion, speaking eloquently in favor  
of a definite and vigorous program  
of city beautification.

A Representative Attendance

The attendance at the meeting was  
immense. While Kreutz's orchestra  
entertained with nicely rendered se-  
lections, the people were pouring  
into the theater in a steady stream.  
They began coming as early as 7:30,  
and at 8 o'clock the place was filled  
to its capacity. Not only in size and  
enthusiasm was the meeting satis-  
factory, for a glance over the au-  
dience disclosed the gratifying fact  
that it was made up of substantial  
people, taxpayers, thinkers, men and  
women of public spirit and intelli-  
gence—the salt of the city.

Mayor Opens Meeting

At 8 o'clock the mayor ushered Mr.  
Nolen onto the stage, the two sit-  
ting in consultation while the orches-  
tra concluded its selection. Then  
Dr. Anderson arose and with char-  
acteristic aptness of expression and a  
nice selection of arguments, intro-  
duced the subject of park improve-  
ment, his philosophy striking home,  
and drawing from the audience a  
round of genuine applause. His re-  
marks in full appear elsewhere on  
this page.

Mr. Nolen Convincing

Introduced by the mayor Mr. No-  
len handled his subject with strong  
logic, the sequence of his opening  
(Continued on Page Six.)

### THE PARK RESOLUTIONS

Whereas, The city of La Crosse is in need of greater park pri-  
vileges and facilities and is admirably adapted by situation and nat-  
ural advantages for the carrying out of a general plan for the estab-  
lishment of a comprehensive park system.

NOW THEREFORE, Be it resolved by the citizens of La Crosse  
in mass meeting assembled this 18th day of November, 1903, that  
we are in favor of the adoption and execution of a plan of park im-  
provement which will tend to beautify our city and minister to the  
comfort and pleasure of all our citizens. And be it further

RESOLVED, That we endorse the steps already taken in this di-  
rection by the appointment of a park commission and heartily ap-  
prove the proposed action of the common council in levying a one  
mill tax to be set apart and expended under the direction of the  
park commission for park purposes, and pledge our support to all  
future efforts and actions of the commission and common council  
for the accomplishment of these purposes. And be it further

RESOLVED, That our thanks be and are hereby extended to  
Mr. John Nolen for his able, interesting and instructive lecture and  
to the park commission for its efforts in providing for this oppor-  
tunity to hear the same. And be it further

RESOLVED, That these resolutions be transmitted to the com-  
mon council of the city of La Crosse and a copy thereof to the park  
commission and to the daily and weekly newspapers published in  
the city. And be it further

RESOLVED, That we are in favor of issuing bonds in such  
amounts as may be necessary to carry out the recommendations of  
the park commission.

### MAYOR ANDERSON FIRES AUDIENCE

EXECUTIVE INSPIRES ENTHUS-  
IASM AT THEATER

LAYS STRONG GROUNDWORK

Paves Way for Mr. Nolen's Address  
by Pat Speech on Park  
Project

Preliminary to introducing Mr.  
Nolen to the audience at the park  
mass-meeting Mayor Anderson said:  
"This afternoon the honor and  
pleasant duty of presiding at this  
meeting was assigned to me by the  
park commissioners.

"Thinking of the purposes of this  
magnificent gathering, my mind in-  
stinctively reverted to two individ-  
uals, well known and honored in this  
community, one living and one who  
is with us no longer, whose pioneer  
efforts in past years for providing  
park areas and beautifying this city  
entitles them to the lasting grati-  
tude of all our citizens. And I be-  
lieve if their voices could reach us  
tonight, it would be to say, 'The  
work of our hands, establish thou  
it.' I believe further, that we can  
pay no more appropriate tribute of  
respect to the memory of the dead  
or esteem for the living than to take  
up that work and carry it forward."

"Think of what has been accom-  
plished, what has been secured for  
future generations by the provision  
and unselfish devotion of these two  
men in their respective spheres,  
practically unaided and alone, and  
then see if you can measure the pos-  
sibilities of the united energy and  
effort, in the same direction, of all  
in this grand assembly tonight. It  
is true, we cannot all pull, but un-  
der proper direction and guidance  
of those who make a study of the  
subject we can all push."

Playgrounds.

"As a layman there is one branch  
of the subject which is near my  
heart and which, as it concerns the  
boys and girls of La Crosse, I will  
briefly mention. Passing by the va-  
cant lot corner between the club  
and fire station recently, one Sat-  
urday holiday, I counted thirty-five  
boys engaged there in playing ball.  
I desired but was unable to obtain  
a photograph of the group, but to  
my mind the incident emphasized  
two things: First, the need of con-  
venient playgrounds for the chil-  
dren; second, the utter absence of  
any such provision for them in this  
city. It brought to mind, also, the  
saying that the boy without a play-  
ground is father to the man without  
a job."

Shows Need of Playgrounds.

"This is a matter which should  
and will receive careful attention in  
connection with the park question,  
so that it may not be said of the La  
Crosse of fifty years hence, what I  
read a few evenings since of another  
city. The word picture was so typi-  
cal of conditions existing in so many  
cities, permit me to repeat it. 'Down  
there in the festering alleys along  
the river front, there are children  
playing tonight. That is we suppose  
them to be playing. In reality they  
are attending a night school for the  
propagation of crime—we furnish  
the school for them, because for a  
playground we furnish them only  
(Continued on page 9.)

### NOLEN INSPIRES MUCH ENTHUSIASM

ADDRESS OF LANDSCAPE ARTIST  
WAS EFFECTIVE

A PLAIN SCIENTIFIC TALK

Pictures Added Unanswerable Logic  
to Speech of Famous Ar-  
chitect

In opening his address, Mr. Nolen  
asked, "What is the civic improve-  
ment and park improvement that is  
sweeping through the country, add-  
ing one city after another to its  
lists, and what part is La Crosse go-  
ing to take in it? These are the  
questions that we must try to an-  
swer tonight."

"First then, let me say that it is  
not a vague and indefinite move-  
ment. It has specific possibilities.  
One of the most important of these  
is the better provision for health.  
We are no longer satisfied with  
pure water supply, sanitary disposal  
of waste, clean and well paved and  
well lighted streets. We are as  
much concerned now with the sup-  
ply of fresh air and sunshine, and  
opportunity for exercise and recrea-  
tion."

"We are not content to secure re-  
sults for ourselves alone. We wish  
them for all. Those who have been  
more fortunate are more inclined to  
share what they have with others,  
and a notable illustration of this I  
can give from my own city, where  
one man, while he was still a young  
man, made a gift to the city of his  
birth of a new city hall, a new pub-  
lic library, the land for a new high  
school building, and the land, build-  
ing and outfit for an industrial or  
manual training school to be sus-  
tained by the donor for four years.  
In all, his gifts represented about  
half a million dollars."

The New Relation to Children.

"A more important form of this  
movement for parks and playgrounds  
is the new relation to children. In  
building our cities, it seems too of-  
ten as if the children had been en-  
tirely left out; as if we had selfishly  
provided for ourselves alone, and  
not for them. With the exception of  
schools, there is little or no provi-  
sion for them, and yet we must all  
realize that the most essential need  
of child life is play, play in all its  
forms provided for all children, for  
the smallest tots to those who are  
almost grown men and women."

Vice Best Fought By Welfare.

"Vice we are at last beginning to  
realize must be fought by welfare,  
and not by restraint, and we must  
see to it that duty's pleasures are  
stronger than its temptations. Judge  
Lindsey, famous for his connection  
with the juvenile court in Denver,  
and for his insight into child life,  
has said again and again that nine-  
tenths of juvenile crimes can be  
attributed to the fact that the en-  
ergies and activities of the child have  
had no legitimate outlet. Perhaps  
the most striking of all the forms  
of this spirit outlet is the love of  
nature. We see it everywhere and  
every day."

"The publication of books and  
magazines on the subject, the in-  
crease in suburban and country  
homes, the spirit of the vacation, and  
lastly the establishment of parks in  
cities, are a turning back to the  
country, and we realize after all that  
(Continued on page 9.)

### WHEN TEDDY GOES TO THE SENATE

### DISCRIMINATION IN UTILITY RATES

B. H. MEYER MAKES STARTLING  
STATEMENTS TODAY

ARE BEYOND COMPREHENSION

Says That Wisconsin Is Literally  
Streaked With Discriminations  
In Utility Rates

PITTSBURG, Pa., Nov. 19.—(Spe-  
cial.)—In an address on the "Wis-  
consin Public utility law" before the  
National Municipal league today,  
Prof. B. E. Meyer, chairman of the  
railroad rate commission of Wiscon-  
sin, declared "the extent of the dis-  
criminations in the rates and service  
of utilities may be almost beyond  
comprehension."

"The whole state of Wisconsin is  
literally streaked and plastered with  
discriminations," he added, "and in  
all the rest of the country where the  
extent of such discriminations have  
not been determined, as they have in  
Wisconsin, it is quite probable that  
discriminations similar in character  
and extent likewise exist."

Discusses Methods of Valuation  
Attorney General Charles J. Bona-  
parte, of Washington, D. C., is the  
president of this organization and  
the invitation was extended to Prof.  
Meyer to give this address on the  
success of the Wisconsin law, be-  
cause so many states are considering  
the passage of similar laws during  
the coming sessions of the various  
state legislatures. In opening his ad-  
dress Prof. Meyer said that the rail-  
road commission was vested at the  
1907 session of the legislature with  
the power to regulate the light, heat, wa-  
ter power and telephone companies  
and that the general legal and ad-  
ministrative principles which under-

(Continued on page 5.)

### VON BUELOW WANTS GREAT BIG NAVY

BERLIN, Nov. 19.—Von Buelow  
today in the Reichstag, in support of  
the government's eight finance bills  
proposing increased annual revenues  
of \$125,000,000, said: "Germany is  
unpopular among the other nations  
and the only way to regain prestige  
is by upbuilding the naval and mili-  
tary forces. Germany needs arma-  
ments and money to build and main-  
tain them. Our financial system is our  
weakest point. It is a patriotic duty  
to inaugurate new taxes."

DEATH ENDS AMBITION

MADISON, Wis., Nov. 19.—(Spe-  
cial.)—While shoveling gravel this  
morning an overhanging embank-  
ment caved in on George Ray, 29,  
just married, and killed him. His  
wife is a school teacher and the two  
were working to earn money to pay  
for nine acres of ground near the  
city.

ESCH LEADS BY 13,355

MADISON, Wis., Nov. 19.—(Spe-  
cial.)—Complete returns from the  
Seventh district filed with the sec-  
retary of state today gives the grand  
total vote for Congressman as 37,  
031. Keeler received 11,466, Esch  
25,193 and Gray 372. Esch's plural-  
ity is 13,355.

### EXTRA COMMON INTEREST INSPIRED JOHN D.

CHINESE MURDER  
HIGH OFFICIALS

RUMOR OF CONTINUED ACTS OF  
CABAL ARE HEARD

PRINCE CHING IS A VICTIM

He is Dead and New Dowager Em-  
press is Also Said to be  
Dying

MANILA, Nov. 19.—A dispatch  
from Shanghai says the death of  
Prince Ching at Peking last night was  
officially reported there today. The  
same dispatch says that the new do-  
wager empress, Yuen-hai, was serious-  
ly ill, intimating the trouble is trace-  
able to the same cabal thought to  
have caused the recent death of Em-  
peror Kuang Hsu and Dowager Em-  
press Tsi An.

In view of the Ching bulletin, it  
is believed that Commander Harbor  
of the Asiatic squadron has direct  
information from Peking, causing him  
to expect trouble and necessity of  
the presence of vessels in Chinese  
waters. It is believed that the  
American officers will continue to  
hold the fleet in readiness, awaiting  
developments. Efforts to confirm the  
reports of Ching's death were  
unsuccessful.

Prince Ching was president of the  
board of foreign affairs, correspond-  
ing to the foreign office of other  
nations. Late dispatches today say  
efforts were futile to confirm his  
death.

PARIS, Nov. 19.—The rumors of  
the murder of Ching and Yuan Shi-  
kai, grand chancellor, by high Chi-  
nese officials, were printed here.  
There was no mention of the death  
of the new dowager.

WASHINGTON, D. C., Nov. 19.—  
There was no confirmation at the  
Chinese legation or the state de-  
partment of the reported assassina-  
tion of Ching and the illness of the  
empress dowager.

MINTO AFTER REBELS

CALCUTTA, Nov. 19.—Lord Minto,  
viceroy of India, today announced the  
abandonment of his tour of Northern  
India, in order to hasten south, and  
deal with the revolutionary faction.

### IN HONOR OF LITTLE GOOSE KARL

"One round between a young goose and a gang of ganders" is the  
way the invitation to the Goose club dinner given in honor of the birth-  
day anniversary of Karl G. Kurtenacker, described that function at  
the Schiller last evening.

The diners were: Dr. E. J. Egan, J. J. Ablett, F. M. Frue, J. F.  
Strass, O. H. Welland, Dr. M. W. Dvorak, J. L. Utermoehl, J. P. Fetter,  
Wm. Helfach, John P. Salzer, J. W. Skinner, J. F. Bartl, A. L. McIntosh,  
Karl G. Kurtenacker, Dr. H. R. Mulford, Dr. Wm. M. Collieran, R. C.  
Whelpley, G. Van Steenwyk, E. J. Bjorkman, Dr. C. R. Beckman, A. F.  
Reitzel, James Thompson, J. E. Higbee.

They certainly had an ample time, and what was sauce for the  
goose was sauce for the gander. There were toasts and roasts, and  
there was no occasion for recounting what the governor of North Caro-  
lina said to the governor of South Carolina. Every bird had his own  
wish bone, and so everybody got his wish. John Neukomm did his very  
finest with the viands, and appreciation of his efforts was shown by a  
clean sweep. There were no casualties, and today the guests agree that  
it was the finest kind of a mess of giblets.

### BROODING OVER ILLNESS BURR OAK POSTMASTER SLASHES THROAT

COMMITTS SUICIDE THERE THIS  
MORNING

AROSE TO BUILD THE FIRE

INSTEAD OF STARTING FIRE  
SNUFFS OUT LIFE

DISCOVERED BY HIS WIFE

STARTLED BY SOUND OF FALL  
RUSHES TO THE SCENE

HAD BEEN ILL SOME TIME

Presumed That Brooding Over Pro-  
longed Illness Partially Derang-  
ed His Mind

Laboring under a mental strain,  
brought on by illness, Andrew Tip-  
pach, postmaster at Burr Oak, stamp-  
ed fins on his life this morning  
about 5:30 when, in a temporary fit  
of insanity, he slashed his throat  
from ear to ear with a razor.

Was in Ill Health

Although he had been ill for some  
time and had complained on several  
occasions of ill health, he had never  
intimated that he contemplated the  
deed and no other explanation  
can be found other than that he had  
been suffering under severe nervous  
strain.

Mr. Tippach had been postmaster  
at Burr Oak for a number of years  
but recently announced that he in-  
tended to resign the position and in  
fact, was about to hand in his resig-  
nation.

Was Melancholly

He was taken ill some months  
ago and had been brooding over this,  
and other imaginary troubles. Al-  
though he seemed melancholly and  
down spirited about his work, yet  
never a word that would lead any-  
one to believe he contemplated sui-  
cide was dropped by him.

Falling Body Startles Wife.

This morning he arose about 5:30,  
as customary, and went into the  
kitchen to build the fire. His wife  
remained in bed. A few minutes af-  
ter he entered the kitchen his wife  
was startled by the sound of his  
falling and rushed into the kitchen  
to find her husband lying near the  
stove with the blood gushing from  
a horrible gash in his throat. His  
right hand stretched out over his  
head still clutched the razor with  
which he ended his life.

Neighbors Summoned.

Frightened almost to hysteria,  
Mrs. Tippach rushed to a neighbor's  
house, but a few yards away, where  
she in a few incoherent sentences  
told of her husband's horrible deed.  
Neighbors rushed to the house im-  
mediately, but he was past all earth-  
ly aid, death having come almost in-  
stantly.

Former Resident of West Salem.

Mr. Tippach was about 48 years  
of age and has been postmaster at  
Burr Oak for some time. Previous  
to his location there he was a resi-  
dent of West Salem and has many  
friends there as well as in other  
parts of the county.

The funeral arrangements have  
not been completed as yet, but will  
be announced tomorrow.

The deceased is survived by a wi-  
dow.

### WEATHER FORECAST

Forecasts today—  
Wisconsin—Fair tonight and Fri-  
day; slightly cooler in southeast por-  
tion.

Top row (reading from left to right)—Cornelius, Kenjockety, La Clair, Winthrop, J. Balenti, Qrogan, Cries-for-Ribs, Yankey Joe, Migue Thorpe  
Second row—J. Wheelock, Goes-Back, Thomas, Winnie, M. Balenti, Payne, Woodbury, J. Libby, Wounded Eye, Exendine, assistant coach.  
Third row—Johnson, assistant coach; Powell, Lambert, Kenerly, G. Gardner, Little-Old-Man, Two Hearts, Tall Crane, Warner, head coach.  
Fourth row—Lyon, Bird, Little Boy, Afraid-of-a-Bear, Captain Wascuka, Jordan, Barrel, Alken, H. Wheelock, Benny, Narcho.  
Lower row—Russian, Friday, Little Wolf, Thompson, Wolf, Kelley.

## IMPORTANCE OF THE PRESIDENT'S PRIVATE SECRETARY

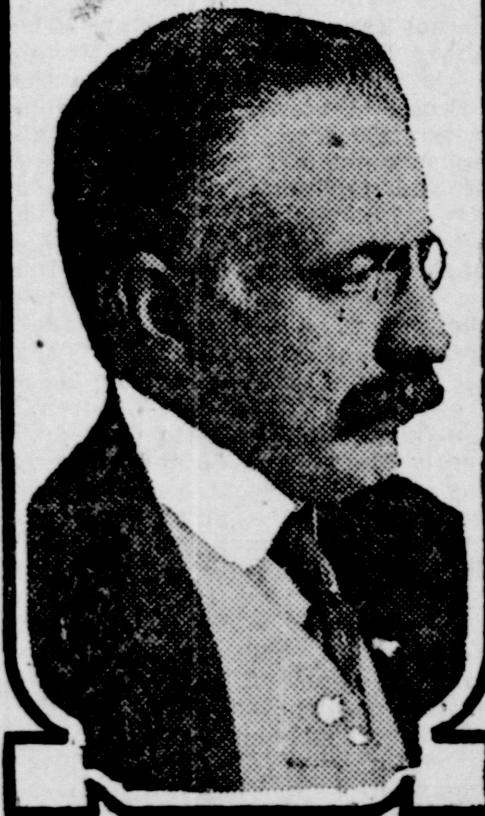

Fred W. Carpenter at left; William Loeb at right; George B. Cortelyou below.

Fred W. Carpenter will be President Taft's private secretary and as such will become an important factor in Washington political and social life during the next four years.

The office of secretary to the president is of the highest importance, requiring a man of quick decision, strong will, smooth diplomacy. He is the official mouthpiece of the administration, and his remarks are quoted as though the president had himself spoken. A slip of the tongue may embarrass the entire nation. In addition to this, he must stand between the president and the outside world when the occasion demands, and must handle the situation in such a way as to not embarrass his superior. He must live, talk and act the life of the president.

George B. Cortelyou and William Loeb, the last two secretaries, have made themselves internationally famous through this position. So much ability was brought out in Secretary Cortelyou that he was made national campaign manager during the fight four years ago, and afterwards was made part of the president's official family by being annexed to the cabinet as postmaster general, and later as secretary of the treasury, where his sterling worth was made evident during the recent financial depression.

William Loeb, who succeeded Cortelyou, has shown just as much ability and has had many flattering offers from business concerns who have recognized this. When he leaves President Roosevelt on March 4 it will be to step into one of the other of the many lucrative and influential business positions which have been offered him.

Fred W. Carpenter has been Mr. Taft's private secretary for many years and will continue as such when he is in the White house. Mr. Carpenter is comparatively little known at present, but he holds the opportunity of making himself known over the world, as have his two predecessors. He is young, energetic and possesses all the requirements of a president's private secretary, for when it comes to understanding President-elect Taft and his ideas regarding public affairs and public men there is no one so well qualified as Mr. Carpenter.

## FLOWER SHOW IS A GREAT SUCCESS

MANY ATTEND EXHIBIT AND PROVES DELIGHTFUL AFFAIR

PRIVATE PEOPLE EXHIBIT

Flowers from Green Houses of Fred Easton and W. W. Cargill Prove Attractive Feature

The first annual flower show came to an end last evening. The show proved a success in all departments and its promoters are looking forward to another show next year. It has been a number of years since anything of this kind has been attempted in the city and its revival proved a big success.

One of the features of the show was the large exhibits of the private green houses in the city owned by W. W. Cargill and L. F. Easton. These contained some of the most beautiful floral species ever seen in La Crosse. At one side of the hall was the candy exhibit which attracted much admiration.

The show proved a success financially and this will go a long way to make the show an annual event.

## TO GIVE HARD TIMES SOCIAL

The Ladies' Aid society of the North Presbyterian church will give a hard times social at the home of Professor Harry Spence, 1353 Kane street, Friday evening.

"Well, well! Does old Bill Smoots still talk politics?"

Some people are only tireless in making others tired.

## THE POSTUM HABIT

means Clear Eyes, Good Digestion, Sound Sleep, A Steady Brain Equipped for Success.

"THERE'S A REASON"

## The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

## BODY SENT HOME.

The remains of Mr. Gustave Klose who was killed in the collapse of the Jenks ice house will be taken to Spring Grove this noon, where the funeral will be held.

You can flatter a homely man by telling him that his baby looks like him.

## DOES NORTH SIDE GET SQUARE DEAL?

FRANKLIN CLUB TO SETTLE THE QUESTION TONIGHT

BANQUET COMMITTEE REPORT

Most Arrangements Have Been Completed—W. E. Barber to Be Toastmaster—Many Able Speakers

The Franklin club will hold its regular debate this evening and the question for debate, which will be interesting, is, "Resolved, That the North Side Does Not Get a Square Deal in Municipal Affairs." Rev. L. L. Sanwars will lead the affirmative and will be assisted by Mr. P. W. Mahoney and Senator Thomas Morris, and the negative will be led by Mr. G. B. Marvin, Jr., assisted by Prof. Harry Spence and Mr. W. E. Barber.

A special invitation has been given to the members of the North Side Progressive league to attend this debate, as it will be very interesting to the league and its cause.

Banquet Committees Report. The banquet committee will make their final report this evening and it is probable that the Franklin club will have a banquet.

Although the program has not been completed, the committee has

selected speakers. Mr. W. E. Barber will act as toastmaster and toasts will be responded to by Prof. A. H. Schubert, Prof. Harry Spence, Paul W. Mahoney, Rev. L. L. Sanwars and Senator Morris.

## CHILDREN FIND MUTILATED BODY

The body of a man supposed to be that of W. W. Kelley of East Rockford, Ill., was found Tuesday morning by school children, along the tracks of the C. M. & S. P. railroad, at a point near the Adams street drive bridge in Freeport, literally ground to pieces, not enough of the body remaining to identify it. The remains were strewn along the track for a distance of 400 to 500 feet, and the largest part that remained was a part of the trunk, which was cut in several parts.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened and the cold is expelled from the system. Refuse any but the genuine in the yellow package. O. T. Erhart.

## NORTHSIDE IN BRIEF

A grand ball given by Carmakers' Union at Elstad hall, St. Paul and Caledonia streets, Friday evening, Nov. 20. Music by Kreutz's orchestra. All cordially invited.

Mr. Charles Leaser, whose leg was broken while switching Tuesday evening in the Milwaukee yards, is greatly improved and it is almost certain that he will not lose his leg. Mr. John Downs, of Mill street, who was recently appointed assistant yardmaster to Mr. E. Emerson, has returned to his former position as switching foreman on the South side crew. Mr. Downs has returned to his old position as the fall rush is over, and an assistant yardmaster is not needed.

Mrs. Otto Voiceundler who has been visiting at the home of Mrs. J. W. Scharr of Prospect street, has returned to her home in Lake City, Minn.

Mrs. C. Knapp of Onalaska avenue has left for a few days' visit with friends at La Crescent.

The first division of the Ladies' Sewing circle of the Caledonia Street M. E. church will meet at the home of Mrs. A. Mowry of 722 Caledonia street tomorrow afternoon.

The Our Own Pleasure club met yesterday afternoon at the home of Mrs. J. Davis of 1529 Avon street. Mrs. E. Huntly and Mrs. Thomas won the head prizes and Mrs. J. Willison won the consolation prize.

Just made some splendid biscuits—Gold Medal Flour.

Miss Myrtle Bennett of Thompson, Ill., a former North side girl, is visiting at the home of Mrs. A. R. Hardy of George street.

Mrs. J. E. Parmelee of West Salem spent yesterday at the home of Mrs. W. Edwards of St. Andrew street.

Mrs. J. Johnson and Mrs. J. Nelson and daughter of West Salem spent yesterday at the home of Mrs. W. Edwards of St. Andrews street.

Mrs. Ed Zimmerhale of Caledonia, Minn., is in the city for a few days' visit.

Mr. John Ritter is moving his family and household goods from 932 Avon street to 1032 Avon street.

Mr. F. C. Herrington is moving his family and household goods from 1619 Wood street to 1536 Avon street.

Miss Lizzie Hugs who has been visiting at the home of Mr. M. Lafleur, has returned to her home in Kansas City.

## FELZER IS IMPROVING.

William Felzer, who was injured in the collapse of the Jenks ice house Tuesday evening, is rapidly gaining strength. While the injuries of Mr. Felzer are exceedingly painful, yet they are not of a serious nature and he will be able to resume his work in a short time.

Judge Fruit and Court Reporter Harrison have returned from Mauston where they are holding circuit court.

O. R. Perkins of Harmony is a La Crosse visitor today.

L. E. Hanson of Caledonia is in town this morning on business.

H. H. Rank of Spring Grove is a business visitor in the city this morning.

the plant management, will be revealed.

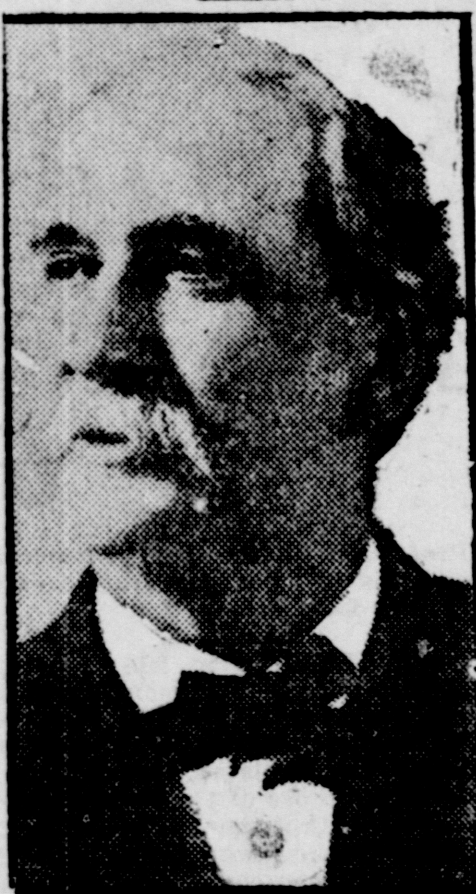

The method of rate making, the standards of service fixed by the commission and the appeals made from the board's rulings to the courts, were then discussed by Prof. Meyer. He told of the recent Wisconsin supreme court decision interpreting the law declaring that so far as he knew, "this decision stands practically alone in this country in the breath of the views expressed with respect to the regulation of public utilities and the extent of the support it gives to the administrative authority charged with that regulation."

In further explanation of the practical working of the law he said that the commission acted as a clearing house furnishing the utilities all available information relating to every branch of the service. Discussing the beneficent results he declared that the law takes the utilities out of politics, eliminates feuds and raised the level of public morality. It was in the latter connection that Prof. Meyer told of the enormous discrimination in Wisconsin, illustrating his argument with a table. He exhibited a list of names four yards in length showing the number of discriminations in one plant alone, "thousands of individuals had been receiving free and reduced rate service, and the eradication of all such rates cannot but serve as a moral tonic and raise the level of private and public morality within the state as a whole. For thirty-two of the reporting telephone companies, eight out of every 100 subscribers received free or reduced rate service."

In concluding his address Prof. Meyer declared that the utilities law is working a revolution in business management, that the uniform accounting, rules governing the service and the regulation of rates "compels the adoption of business and scientific methods which is resulting in nothing short of a revolution in management."

"All of the effects of the law, taken collectively, are bound to place investments in public utility enterprises on a more stable foundation," he said in summarizing his argument. "The law works both ways. On the one hand it protects the consumer against unjust and unreasonable rates and poor service, and on the other hand it protects the investor in his claim to a reasonable rate on the property which it devoted to public use. This legislation will probably remove public utility investments very greatly, if not entirely from the field of speculation and place them in the class of conservative, certain and stable investments."

## GOVERNOR OF IOWA FOR ONLY 6 WEEKS

### WARREN GARST.

DES MOINES, Ia., Nov. 17. — Warren Garst of Coon Rapids will be governor of Iowa for six weeks. He was defeated at the republican primaries for the gubernatorial nomination, but he is yet to be governor. Governor Cummins, at a special session of the legislature Nov. 24, will be elected to the United States senate to succeed the late William B. Allison. He will immediately resign and the gubernatorial robe will fall upon the shoulders of Lieutenant Governor Garst, whose duty it will be to write and present to the legislature this winter the biennial message. This same legislature will install B. F. Carroll as governor.

A woman has to brag about her family, if it's only how they have always been respectable.

## A Simple Home Made Remedy For Colds and Coughs

A good home-made remedy for colds and coughs can be made in a few minutes from the recipe given below and is an article which should occupy a prominent place in every household. A cold or cough often arrives over night and this simple remedy, if kept handy for use, will nip such an annoyance in the bud. Although very inexpensive, there is positively nothing better at any price. The recipe is worth saving.

Granulated Sugar Syrup 1 1/2 ounces Pinex ..... 2 1/2 ounces Take a pint of Granulated Sugar, add one-half cup of water, stir and let boil just for a moment. Put 2 1/2 oz. of Pinex in a pint bottle and fill it with Syrup. Shake well and take a teaspoonful every one, two or three hours. Well corked, it keeps perfectly.

This simple recipe will cost you about fifty-four cents. And makes enough to last a whole family a long time. It is equally good for children and adults, and has a very pleasant taste.

It usually cures a deep-seated cough in twenty-four hours and if taken when the first symptoms appear many disagreeable hours are eliminated. It is also splendid for whooping cough, chest pains, hoarseness, etc.

Guaiaicol and other chemical elements of the pine which make the very air of the pine forests so beneficial in membrane diseases, are found in high proportion in Pinex, which is the most valuable concentrated compound of Norway White Pine Extract. It is far superior to any of the weaker pine oil or pine tar preparations. In making this remedy, therefore, use the real Pinex itself. If your druggist does not have it, ask him to get it for you. He can easily do this.

## CITY NEWS

GLEE CLUB HERE DEC. 11.—The University of Wisconsin Mandolin and Glee club will be here Dec. 11. They will give a concert here on that evening.

ATTEND TAFT'S CLASS MEETING.—George W. Burton will attend the meeting of Taft's class, '78, of Yale. Mr. Burton is the only member of the class in Wisconsin and plans are being made for a big reunion at Washington at Taft's inauguration on March 4th.

PLANS \$750,000 COLLEGE.—Dr. W. D. Thomas has proposed to build a \$750,000 Presbyterian college in this city. He has received assurance of help from Andrew Carnegie and is in Milwaukee promoting the plan at present.

## NATIONALS DEFEAT PEERLESS TEAM

In a close game rolled at the Hunt alleys on North Third street last evening, the Nationals succeeded in defeating the Peerless by a small score. The score follows:

Nationals.				
Hunt	179	146	149	474
Mueller	141	139	129	409
Bjerke	186	105	106	397
Miller	159	132	166	457
Getts	162	158	135	455
Totals	827	680	685	2192

Peerless.				
Benike	121	181	166	408
Hanson	147	142	188	477
Olson	171	107	167	445
League	141	159	106	406
Klawitter	114	133	152	399
Total	694	668	778	2201

Of the five teams in the league the Nationals stand at the head with .867.

## SOCIETY

### BIRTHDAY PARTY

Mrs. Carl Keim, 1502 Travis street, was pleasantly surprised at her home Tuesday afternoon by the Birthday club and a large number of her friends. The afternoon was delightfully spent. Those present were Mesdames George Otto, W. Pfafflin, L. Koethe, Saxon, Stenke, L. May, F. Peters, F. Schulze, C. Wendlandt, H. Apple, C. Jordan, Ritter, J. Strasser, Schlichtmeir, C. Henker, H. Schroeder, Bradsa, Egler, Miss H. Domstrich, Mrs. H. Domstrich, Miss P. Keim, Miss M. Keim. In the evening Mrs. Carl Keim entertained the young people. She received many beautiful gifts. The evening was spent in music and games. Those invited were: Martha Young, Hazel Domstrich, Myrtle Atkinson, Amanda Otto, Emma Peak, Katie Vacha, Anna Keim, Pauline Keim, Marie Keim, Mrs. H. Domstrich, Mr. H. Domstrich, Melvin Amstrud, Arthur Pessenden, Louis May, Willie Besch, Otto Keim, Emil May, Sig Severson, Jack Hackett, Conrad Severson.

### SURPRISE PARTY.

Mr. and Mrs. Adolph Thiele were pleasantly surprised Sunday evening at their wedding anniversary. The evening was spent playing clinch. The head prize was taken by Mrs. Adolph Thiele and Charlie Mellbin. The second prize was taken by Miss Emma Feyen and Otto Betz. Refreshments were served at a late hour. Those present were Messrs. Adolph Thiele, Henry Liso, Charlie Mellbin, Emil Feyen, George Albrecht, Otto Betz, Charles Rochel, William Thiele, Adolph Thiele, the Misses Mary, Sophia and Irene Albrecht, Emma Feyen, Mr. John Sullivan, John Liso, Henry Puente and Will Betz.

Mr. and Mrs. Bushman were surprised at their home at 923 South Second street last evening in honor of Mr. Bushman's fortieth birthday. The evening was pleasantly spent playing games, etc. Mr. Bushman was presented with a pair of slippers. The following were present: Mr. and Mrs. Mike Bushman, Mr. and Mrs. Henry Walter, Mr. and Mrs. Jealen, Mr. and Mrs. Coulom, Mr. and Mrs. Wallace, Mr. and Mrs. Chas. L. Wise, Mr. and Mrs. Ben Nottingham, Mr. and Mrs. Gus Ott, Mr. and Mrs. Fred Ott.

### LIVING PICTURES AT THE Y. W. C. A. TONIGHT

The entertainment to be given by the Geneva club is to be in the gymnasium this evening. Mr. Smidt will conduct the sight seeing car through the principal streets of the city and Aunt Jerusha will show her rare collection of pictures. The cast of characters is:

Continental Soldier—Matilda Buchda. Grandmother—Thilie Sjolander. Father—Magna Larson. Mother—Adele Imhoff. Uncle Josh—Oliva Fay. My Youngest Sister—Miss Netz. Educated Niece—Miss Lienlokken. Aunt Sophia—Miss Andrews. Aunt Jerusha at Twenty—Miss Van Loon. Aunt Jerusha at Ten—Minnie Paulson.

The First Baby—Bertha Hoefke. Sentimental Cousin—Ella Gustad. The Traveller—Katherine Phillips. Yeoman of the Guard—Carmen Lambert.

Josh's Wife's Sister-in-law—Unga Young.

The Twins—Minnie Hoefke and Emily Imhoff.

The Second Baby—Louise Poehling.

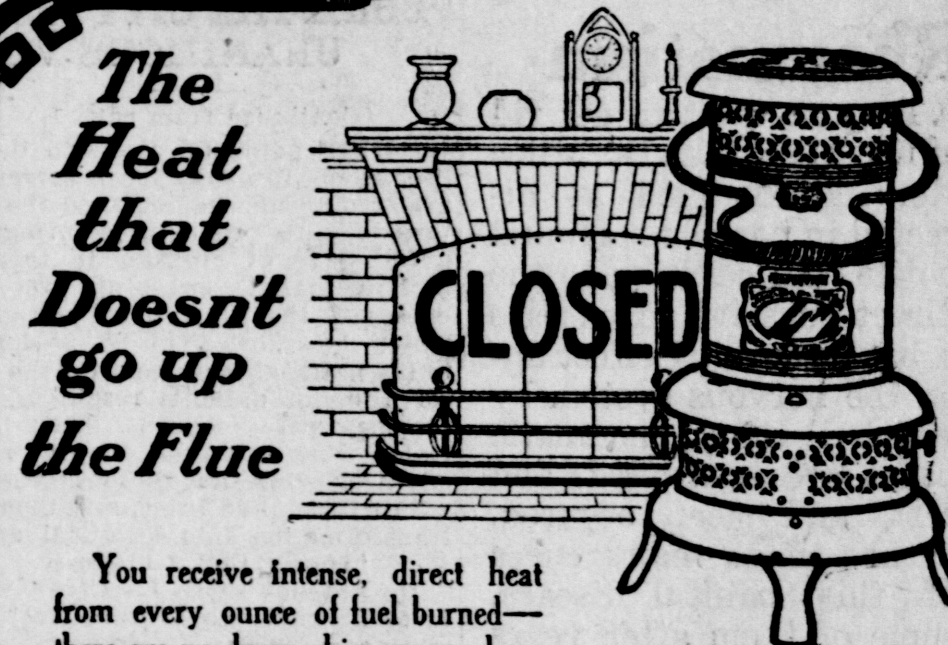

### CARL VAN AUKEN HAS A BIRTHDAY

Yesterday afternoon Carl Van Auker, the six year old son of Mr. and Mrs. C. S. Van Auker, celebrated his birthday by entertaining a score and more of his little friends. The guests all arrived promptly at the hour appointed, each bearing some little package containing a gift for the young host. It was hard to tell which derived the greater pleasure, the donor or the receiver. Their dear little faces were wreathed in one perpetual smile, and they were a happy and well behaved party of youngsters and would put to shame many of the older people.

Miss Emma Schuman was present and with her kindly and genial manner entertained the little folks.

### HOME-MADE QUININE HAIR TONIC.

The high cost of a good quinine hair tonic prevents thousands of men and women from using such a preparation daily on the hair. This has resulted in the study and investigation of the subject by some bright men and women who use quinine hair tonic regularly, but who do not care to pay for the expensive ready-made tonics. They find that by simply mixing one ounce of Beta Quinol with half a pint of water and half a pint of alcohol they can make more than a full pint of a quinine hair tonic of better quality and more beneficial to the hair than any of the widely advertised brands. A tonic made as described here will help the hair to become beautiful, glossy, long and abundant. It tends to prevent dandruff and falling hair and keeps the scalp in a healthy condition. This home-made Beta Quinol tonic is used by women who have most beautiful hair and plenty of it, as well as those whose hair and scalp is not in perfect condition. The Beta Quinol and alcohol can be procured at any drug store for 75 or 80c and they will make more and better hair tonic than you could buy for \$2.00 in a manufactured state.

You receive intense, direct heat from every ounce of fuel burned—there are no damp chimneys or long pipes to waste the heat from a

## NELSON'S

206—MAIN STREET—208

Easy Payments and Liberal Credit

Many of them had been and were her kindergarten pupils, so they felt at once at home with her and joined heartily with her in the games and songs. Supper was served at 6 o'clock, twenty being served at one long table and others at several smaller ones.

There was a beautiful large birthday cake, looking like a mountain of snow with seven little green candles, in the center of the table. Each had a souvenir box of candy to carry home. It was a pretty party and a pity that each of their parents could not have taken a look at the smiling happy faces as they were seated around the tables. Those who were invited were Horace Baye, Benny Edwards, Dickey Brayton, Frederick Hankerson, Donald Goddard, John Esch, John Kroner, Billie Withee, Franklin Pamperin, John Henry Ray, Carl Schaeffle, Charley Looney, Donald Kleeber, Dorothy Hart, Florence Schweizer, Agnes Boyd, Ruth Salzer, Louise and Alice Platz, Ida May Bentley, Dorothy Nelson, Jessie Evans, Anna Esch, Louise McIntosh, Mary Farnum, Betty Ilxon, Dorothy Noble, Irene Pamperin, Caroline and Gretchen Schweizer, Helen Goddard, Virginia Baker, Joseph and George Hixon, Emata Finch, John and Henry Newell Holley and Marcus Leinfelder. After the party proper had departed a dinner of ten covers was served to those who assisted and a few other friends. They were Mrs. Caroline Howard, Mrs. John Bayer,

Miss Schuman, Miss Alice Wheeler, Mrs. C. H. Schweizer, Mr. John Bayer, Jr., George Van Auker and Mr. and Mrs. C. S. Van Auker.

### STAG PARTY.

Burton Shackley entertained at a stag dinner in honor of his twenty-third birthday. The guests were Messrs. Clarence McDonald, George Kischner, James Furber, Mac Stoll and Dr. Larson.

## "BOND THE CITY" IS UNANIMOUS VOTE

(Continued from page 1.)

remarks leading up nicely to the illustrations thrown upon a screen by a stereopticon. He reviewed the history of park progress, picturing the great wave of progress in this direction that is sweeping over the cities of the U. S., a movement which he showed to be analogous to the national movement for the preservation of national resources. His pictures were eloquent. They illustrated what had been done in other cities, showing first the bare ground, with rubbish and litter, and then the transformation into beautiful areas.

"Shows Up" La Crosse. He did not spare La Crosse. Its levee district, La Crosse river and other spots in the city where rubbish and filth reign were displayed in all their naked squalor. Then, selecting similar situations, he showed what might be done, what had been done elsewhere, by civic improvement.

One of the incidents that struck home was a comparison, pictorial, of the harbor at Winona and that at La Crosse, and that this was greatly to the disadvantage of this city need not be added, for in this particular Winona is half a century ahead of the Gateway City. Mr. Nolen's talk, delivered in an easy conversational tone which at once established an air of intimacy and confidence, was enthusiastically applauded. It appears in full in an adjoining column.

**Deep Impression Made.**  
A convincing evidence of the deep impression that had been created came at the conclusion of Mr. Nolen's address. Mayor Anderson had preceded his remarks by a request that the audience remain after the lecture. They did so, not a man or woman leaving the theatre. They hung on every word that followed with an eager attention showing how fully they had entered into the spirit of the movement.

**Action Follows Talk.**  
"The Bramborough peasant raised his head, But slept e'er half a prayer he said."

quoted the mayor on resuming the floor. His Honor knew that the audience had raised its head, and he hoped it was not going to sleep with its prayer for municipal improvement half said. He said that an expression of the purposes of the audience was in order, and in an instant Atty. C. H. Schweizer was on his feet with a motion that a committee be appointed to draft resolutions expressing the sentiment of the meeting. The mayor named Mr. Schweizer, J. B. Funke, G. H. Ray, Wm. Ott and Emil Mueller to constitute this committee, and the members withdrew to draw up the resolutions.

**Esch's Strong Appeal.**  
There was not a moment's pause. With the echoing footsteps of the retreating committee still heard in the theater, Hon. John J. Esch arose and was recognized. All the rich magnetism of his sympathetic voice was felt as the speaker poured out an earnest endorsement of the park project, and the audience laughed and cheered as he expressed in boyish rhyme the hope that La Crosse might see the application of the verse:

"Little spots of green,  
Little daubs of paint,  
Make beauty spots  
Of some that ain't."

Mr. Esch recited the history of "Boss" Sheppard who, as mayor of Washington twenty years ago, had forced through the adoption of a park system, and had suffered an unpopularity which drove him an exile from his native city, but who on returning recently was surprised to find himself a hero appreciation of whom was shown in an ovation greater than was ever tendered a president of the United States. Mr. Esch said he hoped La Crosse might attain this great purpose without the ostracism of a "boss" who must suffer the wrongs of Mayor Sheppard.

**Brindley Talks for Boys.**  
With the hand clapping still resounding in the theater, Mayor Anderson recognized Judge John Brindley, whose court has to deal with the criminal and incorrigible children of La Crosse. The judge was deeply stirred over the portion of the project of particular importance to the young people. He told how the great railroad yards of the North side breed bad boys, how the records of his court show this positively, and how much childish wrongdoing might be prevented had these boys a playground such as Mr. Nolen had referred to as possible of creation along the banks of Black river. He was warmly applauded.

**Dr. Evans Contributes.**  
Dr. Ed Evans was next recognized, and owing to the deep interest he has always manifested in practical ways in the development of the youth of the city, his remarks were listened to with deep attention. Dr. Evans' association with the work of the school board had given him a clear insight into the needs of the children, and he presented their case with earnestness and logic. His appeal for playgrounds receiving hearty approval from the audience.

**John M. Holley Speaks.**  
With his customary happiness of expression John M. Holley followed Dr. Evans with a general support of the entire project. He saw in it great possibilities for the future, and he eulogized it with a fine earnestness that went to the hearts of his hearers. His words were the signal for further applause.

**Spence Delighted.**  
T. H. Spence, whose efforts in the council on behalf of park work were regarded as a "joke" in the years of his incumbency, could not sit silently and see his "hobby" grow into the mighty project of his dreams. He arose and after a brief review of the history of park business in the city council gave expression to a simple and earnest plea for the success of the program, retiring amid applause.

**Prof. F. H. Fowler Blazes.**  
Prof. F. H. Fowler contributed the most perspicuous explanation of the

## Success and Health for Men

Health and strength long unknown to the debilitated man will quickly be felt surging in rich, red blood through the arteries and veins, causing life's greatest ambitions to be more keenly enjoyed, giving greater physical energy and brain power, while adding a certain personal magnetism responsible for success in these days of the survival of the fittest, and without which no man is capable of winning in the race of life, love and fortune. It has long been known that certain vegetable extracts, oils and vital mineral elements of nature, properly blended and mixed, may not only add years to the average life, but add that which is yet greater—the ability to succeed in all undertakings and to enjoy all of nature's great ambitions through the certain power of physical-mental magnetism. Those who lack these qualities of health and magnetism will be interested in knowing that a well-known medical expert and writer on medical topics gives in a recent article the secret which enabled him to obtain fees ranging from \$3,000 to \$10,000 for treating the successful men of Wall street fame and millions. His exact words are: The treatment is simple, thorough and correct. Intelligently and persistently followed, it results in most wonderful health, strength and will power. Leading druggists supply the main tinctures, extracts and essences in one ounce bottles, ready to mix. Three ounces syrup sarsaparilla compound, mixed with one ounce compound fluid balmwort and stand two hours. Add one ounce compound essence cardiol and one ounce tincture cadomene (not cardamon) compound. Shake well, and take a teaspoonful after each meal and one at bedtime.

direct connection between play and human development, showing how the frolic of the child merges into its studies and becomes the first basis upon which culture and character are molded. His endorsement of the purposes of the meeting was earnest and was given applause.

**Baldwin's Practical Talk.**  
Judge Cameron Baldwin was recognized, and emphasized the fact that public education relative to the material side of the park question was necessary. He said he had been told by a leading Madisonian that the \$250,000 high school of that city had been built out of the profits of the park system. He said that park systems are uniformly profitable to cities and that La Crosse would be the financial gainer by establishing a park system.

**Committee Reports.**  
With the applause following Judge Baldwin's remarks still ringing, Mr. Schweizer appeared and announced that the committee was ready to report. Assisted to the stage in an acrobatic specialty by the mayor, Mr. Schweizer read the resolutions, which contained an unqualified endorsement of the plans of the park the mill tax ordinance now pending commission, specifically approving before the council, and covering any other necessary expenditures in general terms.

**Hirshheimer Injects Life.**  
At this juncture A. Hirshheimer climbed into the arena. He protested that the resolutions were not strong enough—not as strong as the spirit of the meeting. He wanted a definite clause inserted committing the meeting specifically to a plan to bond the city to secure funds for the work.

The record of the manufacturer as a supporter of manual training and playgrounds for the schools added weight to his position.

"If we are to have parks we must pay for them," he declared. "We can't buy parks with resolutions." (Laughter.)

"I maintain that the bonding plan is the fairest one," he continued. "We can enjoy these parks only a little while, and they will last forever. Our children will have them, and the next generation should help pay for its share when we pay for them by bonding."

Pointing to five little boys in the box beside him, Mr. Hirshheimer continued:

"As I sat here I said to myself that we want parks, but we will leave them to these boys, and these boys

## Now look out for watch troubles

The cold weather is apt to harden the oil—that strains the mainspring and affects the motion.

It's the wisest thing you can do to have your watch examined at this time of year. If it is in good order, we'll let it alone; if it needs repairing, we'll do it thoroughly at a moderate price.

Few watches are cleaned and oiled as they ought to be—once a year. People usually wait until something breaks. The other way is cheapest in the end and saves the watch.

**Parker Jeweler**  
310 MAIN ST.  
LA CROSSE, WIS.

should help pay for them. They are willing. I want these boys here to help pay for these parks that they are going to enjoy after we are through with them," he concluded earnestly.

**Amendment Carries.**  
Mr. Hirshheimer made a deep impression. John M. Holley seconded the opinion of Mr. Hirshheimer and asked that the resolutions be amended. William Luening was of the same opinion, and in seconding the motion urged that more specific reference to school playgrounds be made. Mr. Schweizer declared all the points were covered in a general way, but with the approval of the mayor he would take the responsibility of amending them with a lead pencil then and there, without consulting the other members of his committee. The mayor approved, and the thing was done. The resolutions as finally adopted appear elsewhere on this page.

## ROONEY HEADS THE BASEBALL ASS'N

At a meeting of the directors of the baseball association, held yesterday afternoon in Secretary Hunt's office, Henry Rooney was elected president of the club; John Miller, vice president, and C. A. Hunt, secretary and treasurer. E. H. Dey was elected director of the association to succeed J. C. Burns who resigned immediately after his election. C. W. Hunt, secretary of the club of 1908, resigned his directorship and George Linker was elected to succeed him. As the meeting drew to a close Paul Mahoney announced that he would resign too. The other directors persuaded him to reconsider his action. He has decided, however, to give up his directorship at the next meeting.

The new officers will take immediate charge of affairs and get things in condition for next season.

## MINISTER INSANE FROM HARD DRINKING

E. Wilson Moran was committed to the asylum at West Salem this morning by Judge Brindley. Moran has been and claims he now is, a minister of the gospel. He is 56 years old and excessive drink is the cause of his insanity. His relatives at Barre are highly respectable people, and the commitment comes as a terrible but inevitable shock that humbles their pride completely.

Moran has been a hard drinker, and when sober is an intelligent man, but his craving always proved his downfall.

## GOWDY NOT DEAD.

The report that James Gowdy, the brother of T. F. Gowdy of the North side, had died at the Waupaca Soldiers' Home, was erroneous. Mr. Gowdy is very low from blood poisoning and notice of his death is expected hourly, but he still lives.

## YOUNG WOMEN MEET

On Friday evening at the Tabernacle Baptist church the Young Women of the four Baptist churches of this city will hold a union meeting. Mrs. Mary S. Smith will speak on the "Incoming Millions," also a special program has been prepared. All young women cordially invited.

The man who wastes the best years of his life should make the best of what he has left.

## TENSE SITUATION IN BALKAN STATES

### AUSTRIA AND MONTENEGRO AT WAR'S POINT

### ISWOLSKY TO RESIGN SOON

Russ Foreign Minister in Bad Standing—Persian Situation is Critical

VIENNA, Nov. 19.—The friction between Austria, Serbia and Montenegro is so acute that Austrian generals today urged upon Emperor Franz Josef the necessity of an immediate movement against the Balkan states. Reports are reaching the foreign office daily of the war preparations of Serbia and Montenegro and every day that Austria delays increases her handicap when war is finally declared.

**Montenegrans Arriving.**  
VIENNA, Nov. 19.—A dispatch from Cattaro says the Montenegrin government distributed arms to the entire male population in the vicinity of Mount Lovoca, where 8,000 Montenegrans are encamped. Montenegrin sentries and scouting parties dot the entire Austrian frontier.

**England Injects Fear.**  
LONDON, Nov. 19.—Russia's contemplated land grab will mean the massacre of all foreigners in the Asiatic province by the Persian revolutionists, according to messages received here today. The report caused intense anxiety and has given rise to the statement that England made reply on the representation of Russia, that she would consider Russia's permanent occupation of any part of Persia as an act of unfriendliness.

### Balkan Diplomat Failed

ST. PETERSBURG, Nov. 19.—Beaten in every detail of his Balkan policy by his own assistant, Under Secretary Taryokoff, of the foreign office, Foreign Minister Iswolsky's resignation is today considered as only a question of a few days.

## STRANGE OFFERS ELECTION APOLOGY

MADISON, Wis., Nov. 19.—(Special.)—John Strange of Oshkosh, lieutenant governor-elect, in a statement of expenses filed with the secretary of state today, takes occasion to explain his candidacy and give his views on the primary election law. His primary campaign cost \$600.55 and the general election campaign \$120. In explanation of the primary election expenses, he says that the lateness of his candidacy entailed an unusual expense. He declares that both the primary and general election campaigns for a state office should not cost over \$500, and in case of a second term the amount spent should be much less.

Turkeys, ducks, geese and chickens at the Bluff Arcade, Sunday, Nov. 22nd.

Its easy for a sharp man to make a fool of a dull one.

## ARE THEY ANDREE'S REMAINS?

Prof. S. A. Andree and the general course his balloon took from Spitzbergen to Labrador.

COPENHAGEN, Nov. 19.—A party of Danish and Swedish men has been organized to make the trip to Labrador and determine if possible whether the remains recently discovered are those of the famous Arctic explorer, Professor Andree or not. Captain Chalkler, who made the discovery, has been communicated with and has volunteered to direct the party.

Captain Chalkler is positive that he has discovered the remains. He is a half-caste Eskimo and took part in landing the Peary expedition in Greenland.

The place where the cross was discovered is an absolute desert, and is rarely visited, even by the Eskimos. What became of Andree's two companions, if the discovered remains prove to be his, is problematical, but light probably will be thrown upon their fate by an examination of the papers.

The expedition to discover the north pole organized by Prof. S. A. Andree, a Swedish explorer, left Dane's Island, Spitzbergen, in a balloon the afternoon of July 11, 1897. Professor Andree was accompanied by two companions, Strindberg and Fraenkel. He was prepared to drop

messages relating his progress, and various such communications were discovered during the three months following his departure. No authentic news, however, ever was received concerning the fate of the balloon or its occupants.

In September, 1899, a buoy marked "Andree par expedition," with an anchor attached, was picked up on King Charles Island, and later identified as the buoy which Andree was to drop when passing the pole, but the general opinion was that it had been lost overboard or thrown out to lighten the balloon. In September, 1900, a bottle containing a note numbered 143 was found near Vardoe, the most northeasterly part of Norway.

**STOMACH LIVER LUNGS**

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and its organs of digestion and nutrition, are cured also.

**The strong man has a strong stomach.**  
Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

**GIVEN AWAY.**—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

**TELL US YOUR PLUMBING TROUBLES**

and we will be only too happy to end them. If your steam pipes or heater refuse to work, let us know. If your bath room needs attention send us word at once.

**WE WILL BE ON THE JOB**

in a jiffy, with all the tools and materials needed to make things right. They'll stay right, too. No half done work with us, even if our bill looks about half what you expected to pay.

## MARSHALL WANTS BIG APPROPRIATION

SAYS RIVERS AND HARBORS  
NEED \$50,000,000

UPPER RIVER GETS \$239,000

Recommends This Much for St. Paul  
District as Well as Other Sums  
For Milwaukee Harbor

WASHINGTON, D. C., Nov. 19.—Fifty million dollars is the aggregate appropriation commanded by Bregadier General William L. Marshall, chief of engineers, U. S., for work on rivers and harbors and fortifications during the coming fiscal year, in his annual report transmitted to the secretary of war today.

Of this sum, approximately \$20,000,000 is for existing contracts on river and harbor improvements, \$21,000,000 for general work on rivers and harbors, including examination surveys, and contingencies, and \$2,000,000 for work proposed by the Mississippi river commission.

The amount recommended for fortifications is \$7,732,233, of which the most important estimate are \$2,369,000 for seacoast batteries at Manila, and \$449,400 at Honolulu and Pearl harbor; sea walls and defenses of Galveston, Texas, \$440,000; repair and protection of defenses at Pensacola, Fla., \$507,100; for modernizing older emplacements generally, \$500,000; for electric installation, \$984,253, and for searchlight, \$907,000.

**Manila Needs Defenses.**  
Commenting on the fortifications of our insular possessions, the report refers to the "very necessary additional defenses at Manila," and suggests that if the amount recommended cannot be fully appropriated at least \$2,000,000 should be made available during the coming year, "so that a substantial plant can be provided and work be conducted in an effective and economical manner."

**Philippines Will Get Much.**  
A considerable proportion of the suggested appropriation for searchlight is recommended to be expended in the Philippines and Hawaii.

**Other Estimates.**  
Some of the more important estimates for the year, for river and harbor work, in General Marshall's report, follows:

Massachusetts—Sandy Bay harbor, Cape Ann, \$575,000; Boston harbor, \$1,400,000; N. Bedford and Fair Haven, \$227,000; Provincetown, \$135,000; Connecticut—Breakwater at New Haven, \$200,000; New Haven harbor, \$20,000; Bridgeport harbor, \$110,000; Connecticut river below Hartford, \$40,000.

New York—East river and Hell Gate, \$300,000; Harlem river, \$300,000; Hudson river, \$470,000; New York harbor, \$635,000; Gowanus Bay, \$300,000.

New Jersey—Passaic river, \$310,000; Staten Island Sound, \$200,000; Staten Island channel, \$220,000; Cold Springs inlet, \$265,000; Raritan bay, \$40,000.

Pennsylvania—Delaware river, \$390,000; Delaware—Wilmington harbor, \$257,000.

Maryland—Patapsco river and channel to Baltimore, \$965,000; harbor of Southwest Baltimore, \$53,000.

Virginia—James river, \$400,000; Carter's Creek, \$66,000; Rappahannock river, \$62,000.

North Carolina—Cape Fear river, \$500,000.

Georgia—Savannah harbor, \$400,000.

Alabama—Mobile, \$492,000; Tom Bigbee river, \$1,000,000.

Florida—St. John's river, \$367,000; Jacksonville, \$215,000.

Texas—Galveston harbor, \$270,000; Channel, \$200,000; ship canal, \$480,000; Port Arthur canal, \$210,000.

Mississippi—St. Louis district of Mississippi river, \$250,000; Mississippi river between St. Louis and Minneapolis, \$500,000.

**Improve This Section.**

Minnesota—St. Paul district, \$239,000; upper Mississippi river, \$230,000; Cumberland river, \$345,000.

Ohio—Cleveland harbor, \$775,000; Fairport harbor, \$250,000; Ohio river general channel improvement, \$545,000; lock and dam No. 37, \$230,000; locks and dams between Pennsylvania state line and Cincinnati, \$1,604,000.

Kentucky—Kentucky river, \$450,000.

Minnesota—Duluth harbor, \$797,000.

Milwaukee Gets \$288,462.

Wisconsin—Milwaukee, \$288,462.

Illinois—Chicago, tunnels under Chicago river, \$300,000.

Michigan—Grand Haven harbor, \$194,000; Detroit river, \$2,700,000.

California—San Diego harbor, \$30,000; San Pedro bay, \$100,000; Oakland harbor, \$521,000.

Oregon and Washington—Columbia river, \$1,164,000; Columbia river (mouth), \$450,000.

Washington—Gray's harbor, \$181,000; Puget Sound, \$130,000; Tacoma harbor, \$40,000.

Hawaii—Honolulu harbor, \$500,000; Hilo harbor, \$600,000.

Pennsylvania—Monongahela river, \$243,000.

New York—Entrance to Erie basin and Blackrock harbor, \$1,000,000; Oswego harbor, \$185,000; make New York city harbor general improvements, \$150,000; Ambrose channel \$635,000.

Beautifully only skin deep, but the skin of a rhinoceros is too deep to show it up to advantage.

Even a drunken man doesn't care to be held up by a footpad.

## BUILD ADDITION TO INSANE ASYLUM

COUNTY BOARD APPROPRIATES  
SUM AT MEETING

LUNATIC IS AT LARGE

Gives Authorities Merry Chase but  
Is Captured—Man Nearly  
Blinded

SPARTA, Wis., Nov. 19.—The buying of more land and erection of an addition to the county insane asylum and poor house is being agitated by the county board of supervisors in session here. For some time past the county insane asylum has been crowded to its capacity with patients and the building of additional buildings has become imperative. It is understood that the adjoining farms on either side are available, should the county decide to purchase more land. The board will probably take official action on the question before the close of their session.

An appropriation of \$22,066.04 was recommended for the maintenance of the county school at the session held Monday, and \$600 was apportioned for the blind fund. Petitions of the town of Jefferson for \$800 and \$600 bridges, town of Sheldon \$80, and the town of Ridgeville \$50, for county aid in bridge building were referred to the proper committee.

**Capture Lunatic.**

Chief of Police Martin J. Holmes and Officer Mooney were given a merry chase by an escaped inmate of the county asylum which is about a mile south of the city, and after a search which started last night and ended this morning succeeded in locating the missing lunatic whose name is given as Ella Rose.

She was missed from the asylum about 7 p. m. and was seen by different residents of the town walking up Montgomery street, clad in a light gingham dress with no hat on her head, trudging along in the middle of the street moving her hands wildly and chanting some lyric of her own.

Although the search commenced last night as soon as the county asylum officers learned of her disappearance, they failed to locate her until a telephone message stated that she had applied at the Frank Leffingwell home for food and warmth. It is not known where she spent the night but she was seen this morning by a delivery clerk with her dresses over her head in the outskirts of the city.

The patient has been an inmate of the asylum since it opened five years ago, being brought here from Mendota where she was sent for treatment from Valley Junction. She is about 45 years of age.

**Insult Ends in Fight.**

County Sheriff Goodwin placed Wm. Hurlbel of New Lyme under arrest on a warrant sworn out by Arthur Rand who made application that he be placed under bond to keep the peace. The trouble grew out of a fight at a dance in New Lyme last Saturday night when Hurlbel is alleged to have passed remarks about Rand's wife. Rand demanded a retaliation and a fight followed, in which Hurlbel who is the larger of the two, threw Rand to the ground and after pummeling him and nearly severing a finger with his teeth threatened to take his life.

**May Lose Sight.**

George Newton, of the firm of O. Newton & Sons, who furnish the electric power for the city of Sparta, had the misfortune to be nearly blinded today while testing arc lamps at the power house of the company here. About 25 arc lamps were connected to the test line and Newton entered the test room without smoked glasses and after working on the lamps for a time was suddenly blinded. He groped his way out to where other workmen were and medical aid was summoned. The recovery of his eyesight is doubtful.

**Personals.**

A number of Ray B. Graves' male friends gave a stag party in the rooms of Harley Jefferson Monday night in honor of his approaching marriage which takes place in River Falls, Minn., on Thursday of this week.

The Methodists are planning a game supper to be served on the return of their pastor, Rev. E. A. Brenner, who is with the party hunting in the northern part of the state.

A series of meetings given by the Seventh Day Adventists will begin this Wednesday evening. Elder Starns of Elroy will conduct the services.

The Ladies' Aid society of Rockland church will conduct a bazaar on Friday evening, Nov. 27.

Mr. and Mrs. Fred Allendorf of Bush Prairie were given a pleasant surprise by a large number of friends at their home in that place on Monday evening, the occasion being Mrs. Allendorf's birthday.

A large number of the friends of Mrs. L. A. Brenner surprised her Monday evening. An enjoyable evening was spent.

Mrs. C. L. Wood and Mrs. Elsie Shattuck of Beaver Creek attended the surprise party given Mrs. L. A. Brenner in Sparta.

Mr. and Mrs. Fred Hoffman of Beaver Creek have gone to Minnesota, where they expect to buy a farm.

Mr. and Mrs. Chas. Sacia, who reside east of the city, celebrated their 38th wedding anniversary Nov. 13 at a family reunion. Six daughters and two sons besides ten grandchildren were present. A handsome set of rockers was presented the couple.

Rev. F. W. Walker Pugh went to

## BOY HUNTER IS KILLED BY SHOT

HIBBING, Minn., Nov. 19.—Dan Larson, a 19 year old boy, accidentally shot and killed himself in the woods south of Hibbing. With a boy named Leon Labreque he had started hunting with a team. They left the team several miles south of town and started out through the woods. In climbing over a wind-fall Larson pulled the gun after him. One barrel was discharged and he was instantly killed. Labreque started to secure help to take the dead boy back to the road, but got lost. He finally made his way back to the scene of the accident, built a fire and remained there all night. At daybreak he started for town, reaching here about 10:30 in the morning with the news.

If you suffer from constipation and liver trouble Foley's Orino Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Orino Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Orino. Why continue to be the slave of pills and tablets. O. T. Erhart.

## MINNESOTA AND THE NORTHWEST

### MYSTERY AROUND ACCUSED FORGER

NON-APPEARANCE CAUSES THE FORFEITURE OF BAIL

### WHEREABOUTS A MYSTERY

While Lawyer Says He's in Fargo, Others Say He's in New York

FARGO, N. D., Nov. 19.—Another startling incident was added to the long chain of dramatic events which have followed in the wake of the case against C. S. Cooper of San Diego, Cal., charged with forgery, when the matter was called for trial here by Judge Pollock.

Cooper, who was under a \$3,000 bond, failed to appear, and the court ordered his bail forfeited and instructed the local authorities to begin immediately a vigorous and thorough search for the missing man.

At almost the same moment that Lawyer Stambaugh, Cooper's attorney, was in court insisting that his client was in the city and would appear any moment, a telegram was received from Boston giving account of a strange letter received by Linwood Lewis of that city, postmarked Mount Vernon, N. Y., and purporting to be signed by Cooper.

In the letter Cooper states he had been robbed and so severely beaten that he had forgotten everything excepting the address of Mr. Lewis, who it appears he had met in Boston last September. Lewis states that the letter, which is written in a very incoherent way, has been turned over by him to the Mount Vernon police.

This is the latest sensation in a case that probably stands without a parallel in the criminal history of North Dakota.

About two years ago Cooper uttered a forged document at Wheatland, this state, and disappeared almost immediately. Despite the zealous efforts made to find him he eluded arrest for two years, and on being finally located at San Diego, Cal., was only brought back here after a most sensational automobile ride in the dead of night and a hasty flight of the officers with their prisoners.

### BULLET GOES THRU HIS CAP

SIOUX FALLS, S. D., Nov. 19.—Roy Benson, son of Mr. and Mrs. U. G. Benson, well known residents of Stanley county, while riding with a companion along Grindstone creek, had a remarkable narrow escape from death. He was struck behind the left ear by a bullet which passed along the side of his head and came out at the side of the temple.

### A Simple Prescription For Stomach Troubles

More people suffer from stomach troubles than from any other disease; and when the stomach is out of gear, the whole system goes wrong.

Here is a simple prescription that will tone your stomach and put it in condition to digest your food:

Compound Tincture of Cinchona, one ounce; Prose Compound, one ounce, and Sherry Wine, half a pint; mix together and take one teaspoonful before meals and at bed time in a wine glass full of water.

This prescription can be put up by any druggist.

The Prose Compound in this prescription is a compound of digestive ferments and the best vegetable tonics known to medical science; they increase the secretions of the gastric juices and increase their digestive power.

We advise that if you are troubled with your stomach you get this prescription filled at your drug store and give it a trial.

### EVIDENCE BAD FOR ACCUSED MURDERER

ACCUSES HER OF THREATENING GIRL'S LIFE

### CONVICTED ONCE; NEW TRIAL

Mrs. Kaufman, Alleged Slayer of Servant Girl, Will Have Another Change to Escape Prison

RAPID CITY, S. D., Nov. 19.—Dressed in black, and pale from her eight months' incarceration in the county jail, apparently deserted by her husband and former friends, Mrs. Mary Harbour, about 40 years old, was placed on trial for the second time for the murder, on March last, of her 17-year-old foster daughter, Miss Rose Rosso, commonly known as Adams.

Dr. M. S. Elliott and wife have been the principal witnesses for the prosecution, they having resided in a room adjoining the Harbours at the time of the murder. Elliott told of hearing the girl come home from school and loud talking after the girl entered the rooms, when the girl screamed, "Mamma, don't strike me," and later heard two shots. Stepping into the hallway between the two suits, he was confronted with Mrs. Harbour with a smoking pistol in her hand who said, "Tell Charley Harbour that I have killed my daughter, and I am going to kill myself."

### Grants New Trial.

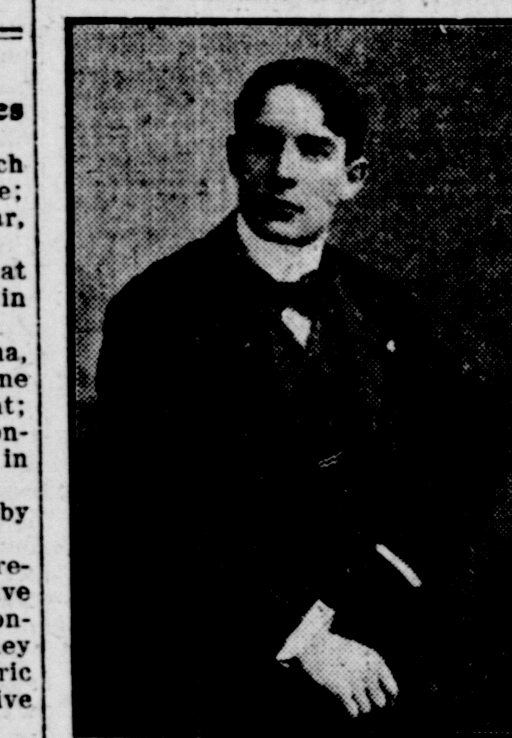

PIERRE, S. D., Nov. 19.—The supreme court granted a new trial to Mrs. Emma Kaufman, wife of a wealthy brewer, of Sioux Falls, who was convicted in the circuit court of Moody county of manslaughter in the first degree, on a charge of having caused the death of Agnes Poelreis, a servant. The case is reversed on the ground of numerous errors in the actions of George W. Egan, the special prosecutor, who conducted the case for the state.

### MURDER SUSPECTED

MUSKEGON, Mich., Nov. 19.—State Game Warden Pierce dispatched Deputy Game Warden C. K. Hoyt of Grand Haven to White Lake to investigate the triple drowning of game wardens that occurred Saturday night. State authorities think that foul play caused the death of the men and from a colony of illegal fishermen, wholesale arrests will be made.

In the village of Whitehall, where the men resided, threats of lynching were made today and unless the state jails the violators, they will be severely dealt with by friends of the dead men.

Disreputable methods are not made reputable by success.

## WHY MANY SUFFER FROM INDIGESTION

ALSO A CERTAIN CURE FOR STOMACH TROUBLE

### PROMPT RELIEF WA. IN

There Will Be Very Few Dyspeptics Here After This Remarkable Preparation Becomes Better Known.

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in one year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of Indigestion and Stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, Stomach gas and Stomach poison, putrefying the intestines and digestive canals, causing Bilioussness, Headaches, Dizziness and Indigestion, Heartburn, Nauseous Breath, constipation and other more dangerous symptoms.

Call your disease what you will—Indigestion, Gastritis, Nervousness, Dyspepsia, Catarrh of Stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour Stomach, which belches gas and eructs undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your Pharmacist for a case of Pape's Diaphepsin. Eat a triangle, and five minutes later your Stomach will do what a healthy Stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a Stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy Stomach.

### RAW LUNGS

When the lungs are sore and inflamed, the germs of pneumonia and consumption find lodgement and multiply. Foley's Honey and Tar kills the cough germs, cures the most obstinate racking cough, heals the lungs, and prevents serious results. The genuine is in the yellow package. O. T. Erhart.

### SPARTA, WIS.

The following Sparta ladies went to La Crosse Wednesday to attend a meeting of the Rebecca lodge: Mrs. C. Carahan, Mrs. Frank Young, Mrs. Dave Baldwin, Mrs. Frank Sheldon, Mrs. Fred Brandt, Mrs. Charles Millard and Mrs. Charles Brandt.

The Spartan Literary society entertained the Alexandrians Thursday afternoon at the residence of Mrs. Brewster on West Main street. Papers were given by Mrs. Shattuck, Mrs. Ellsworth, Mrs. McKnight and Mrs. Brewster. Luncheon was served and an enjoyable afternoon spent by those present.

Mrs. Mike Donnelly entertained the ladies of the Embroidery club Tuesday afternoon.

Mrs. Horace Canfield spent Wednesday at La Crosse.

Mrs. Louis T. Hill and Mrs. Arthur W. Barney were La Crosse shoppers Wednesday.

Mrs. D. F. Davis and Mrs. Will Jones were Rockland callers Wednesday.

Lee Canfield went to Platteville Monday in the interests of the Sparta Iron Works.

John Brock is attending to business interests in Watertown, South Dakota, this week.

Mrs. Will Steele was a La Crosse caller Monday.

State Senator H. W. Booker left for Milwaukee Tuesday on a business trip.

## MONUMENT TO THE PRISON SHIP MARTYRS OF THE REVOLUTION

NEW YORK, Nov. 19.—Saturday, November 14, was made memorable by the dedication in Fort Green park, Brooklyn, of the great doric column which marks the tomb where have been assembled the bones of the prison ship martyrs, those victims of inhuman cruelty whose awful fate forms the saddest and most gruesome story of the war of the American revolution.

As early as 1792 action was taken by the town of Brooklyn to recover the bodies of the martyrs from the sand banks on the shore of Wallabout bay, where they had been buried in heaps.

At various times during the intervening years movements have been started to erect a suitable shaft, but it was not until 1903 that any real work began. In that year the Prison Ship Martyrs' Monument association was formed.

About \$25,000 was raised by popular subscription. Appropriations by congress, the state of New York and the city of Brooklyn brought the total fund up to \$200,000 and the cost of the memorial has reached approximately this amount.

The column which is 135 feet high, is surmounted by a funeral urn and a flagstaff, and beneath it gathered in metallic caskets rest the ashes of the bodies.

### OLD NEIGHBORS IN FISTIC ENCOUNTER

RED WING, Minn., Nov. 19.—Knut L. Naas, aged 83 years, as the result of a quarrel with his neighbor, Knute Hendrickson, 75 years old, lies at his home near Zumbrota, in a serious condition. It is feared he will not recover.

Hendrickson was released on bail, which was fixed at \$500.

### CORPSE FOUND IN SLOUGH

FAIRMONT, Minn., Nov. 19.—Considerable excitement prevailed in this city when a telephone message was received from Fred Churchyard, a farmer residing about four miles southeast of Fairmont, stating that the body of a dead man had just been discovered in a slough adjoining his farm.

The more a woman is afraid of a mouse the less she is of her husband.

## S.S.S. CURES BLOOD POISON

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven for more than forty years. Book on this disease with suggestions for home treatment, and any medical advice sent free to all who write.

# ETHEL ROOSEVELT TO COME OUT SOON

DECEMBER 28 IS DATE SET BY HER MOTHER

## WILL BE BRILLIANT AFFAIR

Will Make Her Debut in Society on That Date at Grand Ball Given in the White House

Washington Bureau of The La Crosse Tribune.

WASHINGTON, D. C., Nov. 18. (By J. C. Welliver.)

At last, the date and arrangements for the function at which Miss Ethel Carew Roosevelt, the youngest daughter of the president, will be presented to society here have been announced. The presentation is to be at a dance at the White House Monday evening, December 28, and the smart set is all agog and gossip over the event. For many a year, it has been the custom to have the debutantes make their initial bow to society at afternoon teas. Debutantes in Washington are so numerous, the aggregation including not merely the buds of this locality but many others that are brought here by fond mammas for the purpose of enabling them to blossom into society in the capital, that the smart set here has got tired of tea and partakes of it only under protest. Therefore, the 400 hailed with acclaim the announcement that Mrs. Roosevelt had taken the initiative and had decided to do what she could to do away with the debutante tea custom, sanctioning dancing instead.

A Departure from Usual Custom

Not only was the departure taken by Mrs. Roosevelt applauded by other mothers with daughters about to enter society but they have set out to do likewise. Various tea parties planned for debutantes this fall and in the early winter will not be tea parties but will be dances. It is a distressing sort of thing to ask the Ambassador from Samarang or the Minister from Ooloon, or even any of the bright young men of their suites and retinues, to come around at 5 o'clock and drink pale and anaemic tea; but it is not difficult to ask them to dance. They want to dance, in fact. In other words, with the tea abolished as the occasion for the launching of the career of the debutante and the evening dance introduced, there will no longer be a dearth of men at functions of this sort but the masculine element will fall over itself to attend. One of the matrons who has announced that her daughter will be introduced at a dance is Mrs. Charles A. Munn. Her daughter is Miss Carrie Munn, an intimate friend of Miss Roosevelt, who will make her debut at a dancing party the evening of December 28. This event is to follow the coming out party for Miss Roosevelt, Miss Roosevelt will attend Miss Munn's party and so also, it is expected, will Theodore Roosevelt, Jr., whose name was coupled with that of Miss Munn in an engagement rumor that found its way into print not long ago.

Will be Brilliant Affair

The ball that will be given for the introduction of Miss Roosevelt will be a brilliant affair. It will be given in the east room of the White House, with the president and Mrs. Roosevelt as the hosts. In many respects, no doubt, it will be one of the most pleasant and enjoyable social events at the White house in the Roosevelt administration. The president has a way of entering heart and soul into an affair of this kind that will doubtless do much to add to the zest and enjoyment of it.

While this White house ball, of which columns will be written, will be the occasion for the formal entry of the president's daughter into society, she is already seeing much of society and will see more of it before December 28, when the dancing party is to take place. She will be entertained a great deal at dinners and other functions by members of the official set who are already making plans to have her at their homes as their guest. While in past seasons, Miss Roosevelt has been pursuing her studies, she has attended various dances here and in New York for some of the younger set, at Tuxedo and elsewhere. Still, the coming out ball will be the chief event of the winter for her. Miss Helen Taft will attend and so will Robert Taft, now pursuing his studies at Yale. It will be the holiday season and this will enable a number of young people among the fashionable to be present who otherwise might find it impossible or, at least, difficult.

Gown to be Wonderful

Gossip says that Miss Roosevelt, with her mother's aid, is planning a wonderful gown for the debutante dance. It is already being prepared charming and attractive young woman in this city. Miss Roosevelt is a charming and attractive young woman, of whom it can be said truthfully that she is unspoiled. This is no light compliment when it is considered that she has been surrounded with flatteries and attentions that would have sufficed to turn the heads of not a few young people similarly situated. Miss Roosevelt is of the blond type, with an excellent complexion bright, intelligent and vivacious. She is fond of riding and of outdoor exercises generally, a trait she seems to inherit from her father.

Lenox—Does your wife do much fancy work, old chap?

Bronx—Well, she won't let a porous plaster come into the house without crocheting a blue border around it and running a pink ribbon through the holes.—The Circle.

# NOLAN MAKES IT ALL VERY PLAIN

(Continued from page 1.)

Life in the city is unnatural.

Facts Applied to La Crosse.

"And what is the application of all this to La Crosse? May we not ask, 'What have you done here to supply these requirements of health? What guaranty is there in La Crosse of a supply of fresh air and sunshine for all amid beautiful surroundings? Where are the playgrounds for your five or six thousand children where they may romp and play, and where they may develop and lay a solid foundation for home life and for business and for citizenship? What have you done to secure and preserve the wonderfully fine water front that you might have, and the beautiful bluffs that are so characteristic of your city? What excuse could you give to your children or to your grandchildren twenty-five or fifty years from now for your failure to embrace the present opportunity? Will you allow this movement to spend itself in agitation, in mere talk, or even in meetings like this, or will you see to it that it results in action, action that is far seeing and wise and permanent?"

Illustrates His Subject.

After the introduction, Mr. Nolan proceeded to illustrate the general subject of civic improvement, especially of park systems, by means of lantern slides, taking up one side of the subject after another, and making apt local application.

At first he showed slides of the city of La Crosse, its high school, its hotel, as illustrations of the good foundation already laid for further work, and of the fine public spirit which all of these represented.

He then took up the subject of water fronts in general, showing illustrations of the present condition of La Crosse's water front, continuing with the improvements that have been made in places near by, as at Winona, and at more distant places in this country, in Europe and in South America.

The next phase of his subject to be illustrated was that of open spaces which should be a part of a city park system. For illustration of the treatment of streets in sections, as in Washington, and of other open spaces, views were shown to illustrate it and helping to show some of the opportunity that La Crosse has let slip so far that it now seems impossible to recover it.

Playgrounds of Great Importance.

His attention to playgrounds showed that he was fully impressed with the importance of that subject. It was the necessity of relaxation for both child and adult that he preached, and he pointed out the spirit of the playground improvement through the United States in the first decade, as it had spread earlier in Europe. In fact some cities are so impressed with the fundamental importance of the playgrounds as the most essential factor in the child's development that they have held that money had better be used for playgrounds than for schools.

The illustrations of the "May-Day" celebrations at Baltimore, the work with apparatus in connection with playgrounds in various, and the recent "Play Festival" in New York were next shown.

Shows First Park in U. S.

The next division of his subject was that of parks proper, parks in the sense of large areas of land devoted to the development of beautiful grounds. He began with an illustration of Bushnell park in Hartford, Conn., the first park in the United States. This property was secured by Hartford over fifty years ago when the city was about the size of La Crosse today, and although there was no precedent for such an action, the city through the influence of Horace Bushnell appropriated \$100,000 for the purchase of the property. The progress of Hartford since and its constant advance in all matters pertaining to city improvement and development are to be attributed largely to this first move.

Some illustrations showing work at Madison, Wis., were next shown. By persistent and well directed effort that little city has raised and spent over \$200,000 for parks, and has today one of the best park systems of any western city. As a proposition for business men to reflect upon, it should be noted that Madison with a population of much less than La Crosse, has an assessed valuation of \$6,000,000, greater, and the people of Madison hold that this great increase in property values is due almost altogether to the development of its parks.

Pettibone Park a Good Beginning.

Other illustrations were given from one end of the country to the other, San Francisco, Kansas City and Detroit. Reference was also made and an illustration shown of Pettibone park and to the credit that should be paid to Mr. Pettibone for his generosity and public spirit. "That island park," said Mr. Nolan, "is indeed a good beginning, and it has showed the public the value of parks, and has prepared public opinion for more. As illustrations of the unequalled opportunities still open to La Crosse views were shown of the beautiful bluff scenery, and also of the many coulees that run in here and there between the points.

"If you had a great painting by Raphael or Michael Angelo," said the speaker, "would you consent to its destruction? If you had a public building of fine stone with all the grace and beauty of Architect Richardson's down and crush the stone for road making?"

Park Ways a Factor.

Another factor, the final one of a park system, was that of park ways or boulevards to connect the various units of the system and illustrations of these were shown from Boston, from Harrisburg, and from Roanoke, Virginia, and other places.

An Ideal Location.

"You have here an ideal location for a city, a great level plain through

which streets may run and upon which your buildings may be erected, and on one side a great water way with unmatched river scenery; at the other a range of beautiful bluffs which have all the majesty and mystery of mountains.

"It should be made clear that a city park system includes not only parks, but city squares, play grounds, and connecting boulevards and park ways. For such a system, La Crosse has hardly made a beginning but conditions are just ripe.

System Will Be Self-Supporting.

"I shall now say something about the cost. The one-mill tax that is contemplated should be sufficient, and will be ample for all annual maintenance of a thoroughly good park and playground system, and the capital sum needed for the acquisition need not be excessive. It is hard to estimate the cost in advance, but in all probability \$100,000 or \$150,000 would provide what was necessary. Against this the city would count the increase in taxes, which would before long not only pay the interest but a large part of the cost of maintenance.

Four Things to Consider.

"Four things should be considered and kept in mind in connection:

"(1). That parks for the city of La Crosse will never be so cheap as today.

"(2). Once bought they steadily increase in value.

"(3). The experience of every city that has undertaken a park improvement is that they pay for themselves.

"(4). That the adoption of a sort of permanent park policy by a city is certain to bring to the city large gifts of land and money for park purposes.

A Benefit to All Classes.

"A justification then of parks is in the health and joy that they bring to the people of the city the actual gain that comes to the city and in the fact that they enable the city to compete successfully with other cities. It is after all not a question of whether La Crosse must have parks or not. La Crosse must have parks and playgrounds. The only question is whether the city will have them now when it takes only a relatively small amount of money to carry it out, or to wait until later when it will be difficult and costly. This system would be a benefit to every class of people, but more especially to the poor or those of moderate means.

Beauty Creates Love for City.

"In closing," said Mr. Nolan, "is it in a sense a privilege to be able to make some definite permanent contribution to the city in which we live? We may take satisfaction in the health and prosperity of the city. We may be proud of its reputation, its factories, but only beauty can make us love it, and if we wish to create a love for the city we must make the city lovely.

"One of the most open ways to do this is to create and develop a system of parks. There is here in La Crosse the right leadership, and also, I believe, the right following among the people. Given these conditions and of course sufficient following, and the results will be immediate."

# MAYOR ANDERSON'S OPENING ADDRESS

(Continued from page 1.)

the festering alleys.

Are Proving Good Investments.

"It is said of cities that many cities spend a hundredfold more for juvenile reform than is spent for the recreation of children. Be that as it may, it is gratifying to know that a large number of cities have awakened to the fact that festering alleys are not calculated to develop the best citizens and although the expense of providing small parks and playgrounds in old and thickly settled districts is enormous, it has proved a good investment. In Chicago, two or three years ago, \$1,000,000 was appropriated for small parks and playgrounds. Since then the West Parks commission has received \$3,000,000 additional; the South Parks \$2,500,000, and the North Parks \$500,000. This makes a total of \$10,000,000 for this purpose within a few years, which speaks louder than mere words of their confidence in such work.

"In New York city, to secure such grounds it has cost them, on account of the congested conditions and the necessity of demolishing blocks of buildings, in some localities about \$1,000,000 an acre for sites. Even at this price they are unable to meet the necessities and even resort to roof playgrounds, of which they maintain evidence.

The Danger of Delay.

"These figures are merely given to illustrate the dangers of delay from the standpoint of dollars and cents, and of this we have an object lesson right here in connection with the park on Main street. Eighteen years ago there was an agitation for the purchase of the balance of that block. The project was abandoned, largely because the cost was too great. Today that same land cannot be obtained for more than double what it would have cost.

"Hence, when it comes to considering the cost of what we require now, let us carefully consider what the cost may be ten or twenty years hence and then act for the true interests of the city."

# CONCERT AT SHOW PROVES SUCCESSFUL

The musical arrangements were in the hands of Prof. Cawley, organist of Christ church, and were most successful. At a program of violin and piano music was given, in which Mr. Leigh Toland gave great pleasure by his refined and graceful playing. At 8 the newly organized Christ church male voice chorus rendered two songs in spirited style, and were heartily applauded. This chorus, composed entirely of trained singers, will also assist at the next musical at Christ church, which has been fixed for Dec. 6.

Not until the undertaker gets busy with a man does he cease to be unpopular with his relations.

### TWO HUNTERS SHOT AT GRAND RAPIDS

ONE IS TAKEN FOR DEER BY HIS BROTHER

### ANOTHER RESTED ON GUN

Gun Goes Off and Hand, Jawbone and Other Parts of His Anatomy Shattered

Dead ..... 22  
Injured ..... 44

GRAND RAPIDS, Wis., Nov. 19.—John Dawes of Pittsville was accidentally shot and probably fatally wounded by his brother, George, while hunting deer.

The accident occurred about six miles from Pittsville on one of the Yellow river islands. John, instead of going around, went through the island, and George, seeing a moving object in the distance, mistook him for a deer and fired. The ball passed through the body, entering the back and passing through the liver and lungs.

In spite of his serious condition, the wounded man walked part of the way home, until a conveyance could be secured to finish the journey. The brother is nearly distracted with grief. It is said that there is no possible hope for the recovery of the wounded man.

A victim of an accidental shooting was brought to the Riverview hospital, Kirk Verner, living near Pittsville, being the victim. Verner was resting on his own rifle during a conversation, his hand covering the muzzle of the barrel. The rifle was discharged, shattering the part of the hand and the jawbone, the ball passing through the left cheek. The young man is in a serious condition.

Most people past middle-age suffer from kidney and bladder disorders which Foley's Kidney Remedy would cure. Stop the drain on the vitality and restore needed strength and vigor. Commence taking Foley's Kidney Remedy today. O. T. Erhart.

### BLATZ ESTATE IS AMONG VICTIMS

MILWAUKEE, Wis., Nov. 19.—The Blatz estate was caught in the net of Peter Van Vliessen for \$200,000 of worthless paper supposed to have been gilt-edged real estate mortgages, according to a list of victims discovered yesterday in the safe of the confessed forger, whose operations have defrauded investors in mortgages of more than \$1,000,000. The Blatz estate is the second in amount on the list.

### HUNTERS ARE LOST IN WILD WOODS

NEW LISBON, Wis., Nov. 19.—Dr. O. W. Joslin, Dr. Detmen and Percy Miller of Milwaukee, while hunting at Dunfield were lost in the forest and did not get back until 24 hours later. The mill whistles were blown at Heineman, Grundy Junction, Gleason and Dunfield, hoping to give the lost ones the right direction. The only food they had was a porcupine which Dr. Joslin killed.

When a woman has her hair fixed up she is half-dressed.

### PREVENTS CITY BUILDING PLANT

STOP PROCEEDINGS FOR MILWAUKEE MUNICIPAL PLANT

### SIMILAR CONDITIONS HERE

La Crosse Proposition Tallies With That of Milwaukee and Same Project is Under Way

MILWAUKEE, Wis., Nov. 19.—Thomas J. Neacy will enjoin the city from building the municipal light plant, whenever the board of public works attempts to begin the work. Copies of an injunction now are in the hands of William C. Quarles, of Quarles, Spence & Quarles, attorneys for Mr. Neacy, who has instructions to begin the action at the proper time.

The petition is a voluminous document, reciting the cost of operation of a municipal light plant, deduced from two years' study of the problem, which has been based upon the experience of other cities of the same class in the United States and Canada.

**Show Grounds for Action**  
It takes the ground that no municipality can compete with a private individual or corporation in conducting a public utility, because of the introduction of politics in the management of any such concern or project, when it is a part of a municipality.

The petition also points out the belief of the petitioner that Milwaukee now has a public utility covering the field and at a reasonable rate.

**May Demand Amendment**  
Mr. Neacy pledges himself, further, to go to the legislature for an amendment of the law, if the courts shall decide that it is possible under its provisions for the city to enter into competition with an existing utility governed by the rate commission.

The fight in Milwaukee will be watched with interest by La Crosse people in view of the fact that there is at present a similar proposition on in La Crosse.

A committee is now at work on

the plan to establish a plant here and a meeting of this committee will be held some time the first of next week to report on the matter and although nothing has been given out it is generally understood that the members will report in favor of the establishment of a municipal plant.

### DEMAND THAT LAW SHALL BE ENFORCED

PORTAGE, Wis., Nov. 19.—The eleventh annual convention of the Wisconsin Federation of Churches closed with an address by Dr. W. Bartlett, Chicago, on "Church and Good Government." He said it was the church that gave the old world the best type of government it ever had and he lauded the victories of the prohibitionists. He closed by paying a splendid tribute to Abraham Lincoln.

The eighteenth annual convention of the Wisconsin Sunday Rest Day association held today elected the Rev. Robert Gordon, Milwaukee, president; William W. Perry, Milwaukee, treasurer; F. J. Lamb, Madison, as legislative secretary; A. Houtkamp, Milwaukee, auditor; the Rev. J. B. Davidson, field and recording secretary. Tonight the closing address of the convention was given by the Rev. M. J. Ward, pastor of the Catholic church of Beloit on closing saloons on Sunday. The conventions were pronounced the most successful in history. Resolutions called the attention of pastors and Christian workers to the need of careful warnings against impurity of life both in individual and in social relations, and demanded the strict enforcement of the law against the social evil instead of the official tolerance as at present existing in most cities.

The Rev. E. D. Kohlstedt spoke on Sunday newspapers at today's session.

### BISHOP GRAFTON HAS RETURNED HOME

FOND DU LAC, Wis., Nov. 19.—Bishop Grafton returned home from the east where he has been spending the last three weeks. He delivered the sermon at the installation of the Rev. Father Percy Pyle as rector at the church of St. Edward the Martyr, New York city. At Philadelphia he dedicated the new aisle of the church of St. Elizabeth, the church formerly presided over by the Rev. Father McGarvey, who submitted to Rome, 225 participating in the early morning communion. In Baltimore Bishop Grafton delivered a sermon in St. Paul's church where many years ago he was a curate.

### CLIP THIS OUT

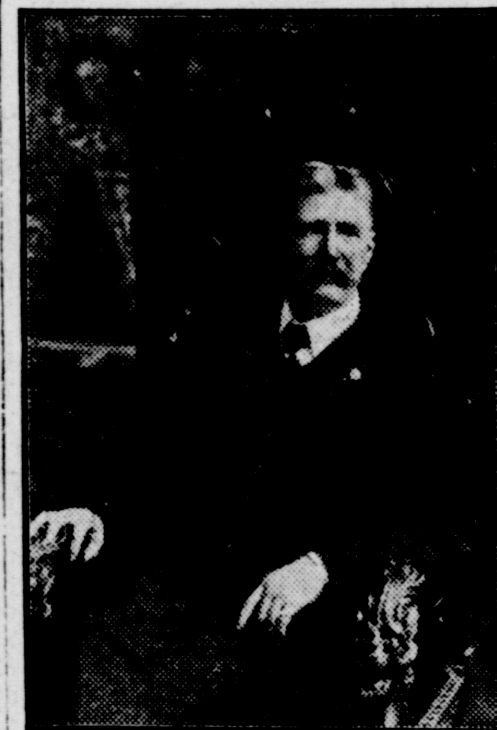

Valuable Recipe When Afflicted With Rheumatism or Backache, Also Splendid Tonic

At the first sign of rheumatic pains or backache, or a feeling of being generally run down and weakened, the following simple prescription should be used:

"One ounce Compound Syrup Sarsaparilla; one ounce Toris Compound; half pint high grade whiskey. Mix them and shake well. Take a tablespoonful before each meal and at bed time. The bottle must be well shaken each time."

Any good prescription pharmacy can supply these ingredients and it will be found inexpensive considering its wonderful merit.

This treatment will eradicate the acid poisons from the blood and build up the system to its normal healthfulness. The splendid effects will become manifest after the first few doses, but it should be continued for at least a month, or until the person has fully regained health. The worst cases of rheumatism are bound to yield to this treatment.

## THE SLAYERS OF SENATOR CARMACK

Col. Duncan B. Cooper at left, Robin Cooper at right. Men who killed ex-Senator Carmack. Robin Cooper, who fired the fatal shot and who was himself hit by a bullet from ex-Senator Carmack's pistol, is improving daily under the surgeon's care in the hospital. A warrant has been issued for his arrest and has been served upon him.

Col. Duncan B. Cooper, his father, although he did not fire a shot, has also been held on a charge of murder.

### STATE NEWS IN BRIEF

APPLETON.—Engineer Forman of the Northwestern road suffered a sprained ankle when he jumped off the cab as his switch engine left the tracks. Before jumping he hit the throttle, bringing the locomotive to a stop just as it was about to roll down the embankment into the river.

BELOIT.—The two children of Thomas Flannigan and the child of George Peck, bitten by a mad dog, were taken to the Pasteur Institute at Chicago for treatment.

CHIPPEWA FALLS.—Henry Bergen, an old woodsman, was killed while working in the woods on the Yellow river near here. He was felling a tree into which a large pine tree had lodged and by mistake stood under it. His head was crushed.

COLBY.—An examination into the sanity of Leonard Thrun, charged with a criminal assault on a 5-year-old girl, has been ordered by the court.

EAU CLAIRE.—The county board has offered \$200 reward for evidence as to persons who caused the Duluth Limited wreck at Kempton Oct. 29. District Attorney Arnold of this county has asked Governor Davidson to offer a reward and the governor replied he would consider it if the county board offered a reward.

EAU CLAIRE.—The county board unanimously killed a resolution to establish a county municipal court. It appropriated a fund for a county traveling library after listening to an address by Miss L. E. Stearns of Milwaukee, representing the state library commission.

FOND DU LAC.—The county is endeavoring to solve a method for decreasing the cost of conducting the workhouse at an expense of about \$12,000 annually. Many members favor its abolishment. The favored method for cutting down expenses appears to be a bread and water diet for the tramps.

### He Was Hungry.

John J. Hayes, the Marathon hero, at a dinner in New York concluded a toast with a story.

"Truly," he said, "we must work. We must not rest on our laurels. As the president told us, it would be a pity to see an Olympic winner twenty years hence a tramp."

"Yet such things have happened. A cousin of mine, the foreman of a Chicago iron mill, once employed a tramp who had been a Yale baseball champion. Their acquaintance began in a way that showed the tramp still to be game and cheery. "It was a cold autumn dawn, and the tramp had slept in front of a furnace on a warm stone."

"My cousin, being short of laborers, on his morning tour of inspection spied the fellow and thought he would give him a job."

"My man," he said, "can you do anything with a shovel?"

"The tramp smiled."

"Well, I could fry a piece of ham on it."

—Washington Star.

The better the doctor the less he thinks of his ability.
